2014 Dedication

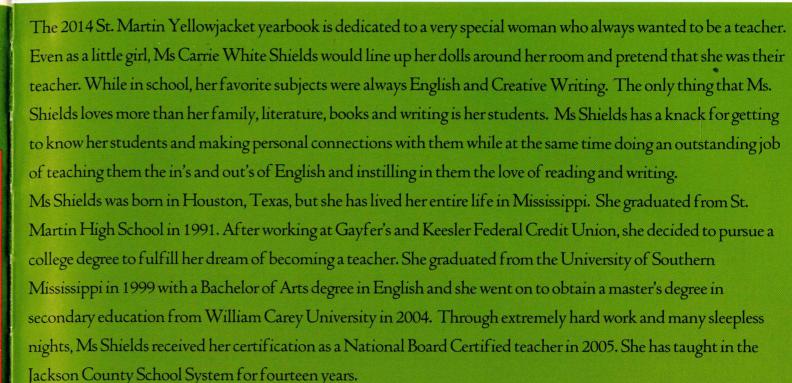

Ms Shields has taught a great majority of St. Martin students over the years in one or more of the following classes: 7th grade Reading, World Literature, Oral Communications, Mythology, 9th, 10th, and 11th grade English, along with advanced 9th grade English.

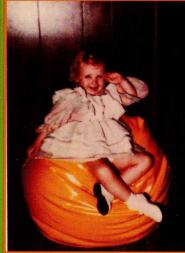

Some of Ms Shields other talents include her fantastic organizational skills, beautiful home decorating abilities and a life-long dedication to journaling and creative writing. Her hobbies and favorite pastimes when she is not reading or writing include watching movies and tv series (usually multiple seasons in a single sitting!), listening to music (especially Rob Thomas and Stevie Nicks), eating Mexican food, hanging out at Barnes and Noble and Starbucks, and spending time with her granddaughter, Emma. Her future hopes and dreams include travel and becoming a published author.

This year we honor Ms Shields for all of the above accomplishments, for her passion for teaching, but most of all for her undying love and devotion to every student who walks through her door.

The 2013-2014

Yearbook Staff has worked tremendously hard on this year's yearbook. With the help of nine incredible staff members: Kelsey McGrevey; Editor, Catherine Hasty, Bret Massey, Tiffany Patt, Sydney Hoffman, Amanda Gray, Leslie Nguyen, Hope Scholes, and Aline Le, it was possible to make a great yearbook. It was challenging to meet deadlines, but as a team we all worked hard and got through it.

"I've been attending this school for the past 6 years. I've learned the food isn't as bad as they say it is, the people aren't as bad as outsiders say they are, and it is difficult to find a friend as solid as a St. Martin Graduate. "-Bret Massey

"Thope you future SMHS
Yearbook Staff members put
their heart into every page, full of
little memories, for the future
grads to enjoy just as I have. Best
of Luck!" - Catherine Hasty

You have filled our lives, and each other's, with so much joy and laughter Many special memories have been made so treasure them forever.

Do you know how much you mean to me?

As you grow into what you be.

You came from within, from just beneath my heart

It's there you'll always be, though your own life will now start.

You're growing so fast it sends me awhirl

With misty eyes I ask, Where's my little girl?

I know sometimes to you I seem harsh and unfair,

But one day you will see, I taught you well because I care.

The next few years will so quickly fly,

With laughter and joy, mixed with a few tears to cry.

As you begin your growth to womanhood, this fact you must know,

You'll always be my source of pride, no matter where you go.

You must stand up tall and proud, within you feel no fear,

For all your dreams and goals, sit before you very near.

With God's love in your heart and the world by its tail,

You'll always be my winner, and victory will prevail.

an always so my willion, and victory will provain

For you this poem was written, with help from above,

To tell you in a rhythm of your Family's heartfelt Love!

Congratulations....We love you!

From the first day of kindergarten; when you informed us you were not going back to school until now; we have watched you change from a generous, caring little boy into an intelligent, honest, courageous young man. Life hasn't always been easy but without struggles you would never know how strong you really are. I pray you always keep your faith in God and remembe that the right thing to do is always the right thing to do, no matter if you are alone or with a group of people. Use your courage to stand up strong for what you believe in. We are proud or your desire to help others and your sense of adventure. Seniors,

Congratulations Class of 2014! We finally made it. Our Senior year has finally come to an end. We have made memories that we will cherish for the rest of our lives. I am glad I have had this opportunity to be this year's Yearbook Editor and make such an unforgettable yearbook. These last few weeks of us all being together has made graduation more real and bittersweet. I wish each and every one of you the best of luck with your future.

Best Wishes, Kelsey McGrevey

With advancements in 3D printing technology, and increasing availability, we move closer and closer to a future in which we manufacture components from our desktop. Car parts, body parts, food, fashion and guitars are all being printed on-demand. Hollywood is taking notice, too - "Hobbit" and "Enders Game" fans can download and print their very own 3D movie props.
